OUR FLAG

Sunday June 14th, was Nationally observed as "Flag Day". It is entirely fitting that we pause to consider all that such an occasion means. There are some things that are so common and free to us that we are prone to take them for granted and among such items is our flag and its wonderful historical background.

Flags of all Nations are but symbols or ensignias and will have no more significance to the citizens of those nations than those citizens give to their flags by way or respect and reverence. The flag of the United States of America has stood for not only freedom of thought, word and deed, but for protection of states, homes and individuals, enforced by every resource of a powerful nation.

There are those people who would try, through the medium of various creeds and "ism" to destroy the power of this nation so that it would fall an easy prey to less principalled governments, but as long as we have ears only for "Americanism" and faith in our government as symbolized by the American Flag, no other country nor its hired representatives, can tear down the love and respect that is the inherited trait of every true American nor the power of the nation that is the outgrowth of unified action to keep intact the supremacy of the Nation.

An example of this was discovered a few months ago in Chicago where it was learned that 15,000 children were being taught the principles of communism, standing on the American Flag and saluting the communistic flag. It is hard to believe that such a condition exists but this is only one of a great many similar efforts.

It is what the flag stands for, or represents-not what it is-that makes it something to love and respect. It stands for Washington and his brave soldiers at Valley Forge whose bare feet left marks of blood in the snow. It stands for Benjamin Franklin, the old and ill, spent years in France to get money to pay soldiers and buy ammunition for them; it stands for fathers and mother who toil uncomplainingly to earn food, clothes and the chance for an education of their children, that they may become true Americans. In other words the flag represents all the brave, true, men and women who live in this country.

Not only on flag day but every day as we go about our daily tasks, if we will repeat to ourselves the following thought we will get something that will mean a great deal to us; "I pledge allegiance to my flag to the republic for which it stands one nation indivisible with liberty and justice for all."

A. C. Altvater

# NEWS OF THE WEEK

## OLDEST MAN IN POINT OF SERVICE PROMOTED

WILL SERVE IN TECHNICAL POSITION, CAMP P-81.

### CONTEST ENDS

The contest is over. Which means, my friend, that the Sunday School Attendance Automobile Race, which has been running for 6 weeks, is "water under the bridge" and is all over but the shouting.

The Austin, as you no doubt know, if you have been reading these weekly reports on the contest, won the race cooling away. Running in second place was the Model "T", while the Chevrolet and Model "A" finished third and fourth respectively.

So believing that "to the victor belongs the spoils and to the vanquished belongs the privilege of providing the spoils" the Austin team will be the guests at a party given by the other three "also ran". The date for said party, has not been set but just as soon as a conference can be arranged with Mrs. Kelly supervisor of the contest, all plans will be made to assure the contestants of an enjoyable evening of entertainment.

### TO FIREMEN CONVENTION

A. C. Altvater, project superintendent of Highlands Camp, who is president of the Sebring Firemen Inc.,

Price (Polly) W. Weybrecht, Jr., member of this company received word Wednesday afternoon that he has been appointed Assistant to Junior Technician at Camp P-81, located at Chipley, Florida. Weybrecht has been leader on the survey crew, which position he has held during the 31 months in the service. He was the oldest man in the company, enrolling October '33. Carl Reddish is now the senior member. In his new position, he will be connected with the Florida Forestry Service.

Price received his discharge from the organization last Wednesday night and left for his home in West Palm Beach, where he will remain a few days prior to reporting to his new assignment.

During Mr. Weybrecht's stay in the CCC he has built up a friendship with every member of the company. The entire enrollment regretted to see him leave but glad to know that his hard work and efforts had gained advancement.

\*\*\*\*\*

### MEMBERS TO ATTEND SCHOOL.

Plans are being made by several of the enrollees to make a trip to Fort Screven within the near future.

James McBride, Mess Steward will attend the mess steward's school to be held during latter part of July.

Emmet Barrett and Clyde Smart has been recommended to take a life saving course to be held at the district headquarters. The definite date that the course is to be given, could not be learned.

\*\*\*\*\*

### LAST ISSUE

The staff of The Rogers-Post wish to announce that this will be the last edition in this form (mimeographed) and that there will be no paper published next week.

Around July Fourth, The Rogers-Post will come out with a "real" printed newspaper 11 x 14 inches. Plans are now being made for a much improved paper with a wider range of news coverage.

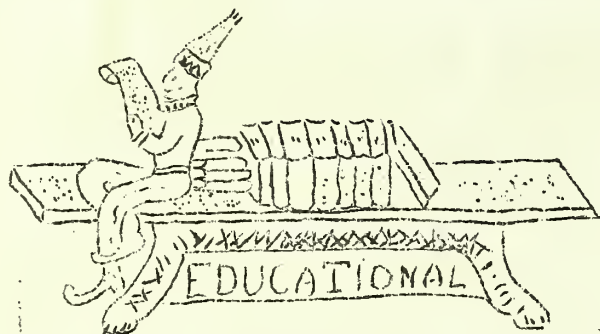

The sheet will be printed and instead of having only 200 copies there will be 500 copies.

### CAMP TO HAVE LABORATORY

Dr. McDaniel has just announced that he was going to install a small modern laboratory, where he can make various stains for the symptoms of diseases.

This will be first and only laboratory in the CCC organization, as far as can be learned from reliable sources.

attended the Annual State Convention at Winter Haven.

### WOOD WORKING

All indications are pointing to the fact that our shop will soon be set up and in operation. The hold up to date has been caused by the lack of a door for the shop.

The machinery consists of a jig-saw, lathe and electric motor. Men joining the class will be able to make themselves many useful articles to add to their comforts.

See the board for announcement as to when operations will begin.

### AUTO MECHANICS

This class also is meeting with difficulties. Mr. Lighthiser, instructor, has made arrangements for the securing of an engine. To date, after two trials at getting the motor, it seems possible that it will be in operation before the week is out.

### ELEMENTARY EDUCATION

The elementary education class has been broken down into two sections. The elementary class in arithmetic meets on Tuesday afternoon with Mr. Boudet while the elementary class in reading meets Wednesday afternoon with Cheshire.

So far only three men have enrolled and are taking advantage of these classes. You men who read this and need the help don't hesitate to enroll immediately. Spelling, English and writing are also taught.

### THE SHADE-TREE OBSERVER

It has been suggested by many that a new contest to discover the loudest man in camp be inaugurated since the departure of Jack Truitt. Who do you think would win?

Is Fletcher really a "slave-driver" or could it be possible that a few of the men just don't care to become better acquainted with manual labor.

McBride seems to be the center or controversy in the kitchen. Did he or did he not, is the question.

It seems that some of our affluent members (3) took a week end trip that extended over a great part of the state. Travel expenses appeared rather high on their return.

We understand that Mr. Boudet got bit by the golf bug, and that he is endeavoring to have the straight ways widened. It is further understood that he is going to Sears and Roebuck to buy three clubs - one to get in the rough, one to get out of it and one for the purpose of killing snakes.

Since the elections are over it is noticed that boys are walking back and forth from town once more. It was swell while it lasted.

Lt. Morrow finally sent a gator home. (He did not let Mr. Boudet know. He might have eaten it.)

# Cheshire XSPORTS

## INTRA-CAMP LEAGUE

The Intra-camp Diamond ball league scheduled to begin next week will be composed of four fast teams, thereby assuring us of a real flag chase for the camp championship.

Last week the names of all those interested in the tournament were placed in a box and with drawn by the four captains: Bulger, Leighton, Beatty and Rivenbark.

Following are the team rosters with the captains and names of the teams:

### YANKEES

Rivenbark (C)  
Strobel  
Hood  
Grice  
Pope  
McBride  
Hatchell  
Bridges  
Quilling  
Butts  
McLarty

### WILDCATS

Beatty (C)  
Hutto  
McCullers  
Kelly, E.  
Cheshire  
Brown  
Tedder  
Sullivan  
Morris  
Bell, E.J.  
Padgett, Page, Gale

## CCC HURLER STARS

Clayton Quilling, Co. 453 hurler, is making quite a name for himself in the Orange Belt League. Pitching for the Sebring Firemen, last year's champions of the League, Quilling has met with great success. Thursday afternoon against the Punta Gorda aggregation, Quilling set down the first 11 men to face him and gave up only 3 hits in 4 innings. He is batting .600

### DREADNAUGHTS

Bulger (C)  
Griffin  
Lamb  
Britt  
Kazar  
Barrett  
Kersey  
Trainer  
Horton  
Peters, S.  
Kelly, I.D.

### TIGERS

Leighton (C)  
Niles  
Thompson  
Norris  
Johns  
Thomasson  
Massey  
Watson  
Bell, J.H.  
Cobb  
Brewer, Fowler

## CITY LEAGUE

Friday night will find the City Diamond Ball league officially inaugurated with the Park Service's highly touted team of Co. 453 slated to meet the Senior team of Sebring.

The Park Service team suffered a severe setback in it's championship aspirations last Monday when it's star hurler, Paul Mihalko, obtained a position in New Jersey. Mihalko was rated as one of the best Diamond ball pitchers in this section and was counted upon to win many contests for the Park Service aggregation. Beatty or Hood will probably be elected to do the hurling for the Park Services with Leighton receiving their slants.

The Army team of Co. 453 will not get under way until next Tuesday night when it exchanges balls, runs, strikes, errors etc., with the Junior team of Sebring.

No definite line-up for the Army team has been arranged as yet but certain indications are that Niles will pitch and Quilling catch. Others on the team roster are: Padgett, Hudson, Bell, Britt, Massey & others.

## SHE SHALL HAVE MUSIC

She shall have music wherever  
she goes  
With plenty of rhythm to tickle  
her toes  
Wherever she goes, she shall have  
music.

She shall have songbirds to sing  
her to sleep  
And plenty of dream birds to count  
up the sheep  
Awake or asleep, she shall have  
music.

And while she's dreaming, I'll  
write a dream song  
And I'll be hoping, that it will  
be our theme song,

She shall have church bells to  
ring out in rime  
While we go marching in honeymoon  
time  
She shall have music, wherever she  
goes.

## LETTERS TO THE EDITOR

Editor: The Rogers-Post

In two or three of your recent editions I have noticed that you referred to me as "Sleeping Beauty" Brown, a practice which I would advise you to discontinue. For your own personal information my name is Benjamin Wilmer Brown. You don't exactly look like Clark Gable yourself when you're catching your rest.

Benjamin Wilmer Brown

Dear Benjamin Wilmer Brown:

Words cannot express just how indebted I am to you for your warning and I will not forget it either B. W., but as for the "Sleeping Beauty" name, I beg to be excused, for everyone upon entering the cabin while you were sleeping, readily agreed that you looked every inch the sleeping beauty just waiting for someone like "Bish 'ol' Boy" Baucom to kiss you and awaken you from your 19 year slumber. ( You have been asleep that long, haven't you "Sleeping Beauty"?

The Editor

Dear Editor:

In a couple of weeks my one and only is leaving for an extended visit to Indiana. Should I apply for an emergency leave and accompany her?

Bulger

Dear Bulger:

This is not a Dorothy Dix column but my advise is not to worry about these Hoosiers. She'll be back - sweeter than ever.

**PATRONIZE  
OUR ADVERTISERS****HEARD FROM  
BEHIND THE BUSHES**

We have noticed that a few of the regulars as well as the "fresh meat" have fallen out lately. Just cant take it eh Keed?

. . . . .

Who were the ladies of choice seen with two of the boys in town Saturday nite? That's sticking in there with 'em "45" and Jack.

. . . . .

We have heard that "Speedy" Glover has gone "Crosby" on us. We too wish we could sing "Speedy".

. . . . .

Who is that good-looking young lady that had Homer Lee Cheshire tied out the other night? I wish that my girl friend sold tickets at the theatre.

. . . . .

It has also been heard that "Blondy" Meredith and Elmo A. Cooper have been stepping out. Papa chased them away. How about this "cradle robbing" boys? Tish, tish.

. . . . .

See you later.  
Got some extra duty to work. Woe is me.

**OH I HEARD.....H.L.C.**

Dame rumor has it that the Company skiff is to be changed into a palatial yacht (pronounced "yot"). The instigator of such a transformation is none other than Lieut. "Rear Admiral" Morrow. The Lieut's. present plans call for the installation of a canopy or canvas cover over the yacht (yot again) to protect himself and his first mate, Boudet, from the elements. Then in the event that the "Rear Admiral" or aforementioned mate get thirsty, he has formulated plans for an ice box which will contain various cooling beverages, so if, upon one of these beautiful, sea-breezy days various and sundry nautical terms should assail your organs of hearing, do not be alarmed, it will probably be our sea-going Junior Officer issuing commands to his mate, and ye may lay to that.

. . . . .

When one considers the nicknames possessed by our kitchen crew it is no wonder that they are good, such as "Preacher" McBride, "Deacon" Brown, "Hypocrite" Reddish and Jr. "Deacon" Lanier.

. . . . .
